The Threat From Within: Recognizing the Risk of an “Insider”...

Robert Pitcher, Cyber Partnerships Manager, National and Cyber Security Branch, Public Safety Canada / Government of Canada

Insider risk relates to people working within an organization to subvert the confidentiality, integrity, and availability of the information contained within the walls of that entity. Public Safety Canada is pleased to provide an informative and insightful talk where participants will hear case studies of related events and learn what organizations can do today to protect their systems from the “threat from within”.

- What if the keys to the castle were in the hands of those that you were trying to defend against?
- What if the contractor building your IT infrastructure was working for your competitor?
- What if your most important asset was also your biggest vulnerability?

14:15 - 15:15 EST
